

MMA
OFFSHORE

Quality Policy

MMA Offshore Limited (**MMA**) is committed to creating value for our employees, customers, suppliers and shareholders by providing a range of services safely, professionally and competitively.

To support our goal we will:

- Maintain a relentless focus on safety, environmental responsibility, risk assessment and a culture of mutual accountability.
- Understand our industry and our clients' current and emerging requirements and develop timely, effective solutions.
- Continue to proactively and consultatively develop the career paths of our employees.
- Maintain an ISO 9001:2008 certified Management System that complies with all relevant legislation and engages the entire company, its contractors and suppliers.
- Supplement our Management System with relevant Australian and International Standards as appropriate to our business activities.
- Ensure clarity in our key business processes and apply systems of continuous review and improvement.
- Build and maintain a portfolio of quality assets and infrastructure.

By providing a safe, responsive and competitive service based on robust management systems, quality infrastructure and a commitment to continuous improvement we will be a company of choice for our clients, employees and shareholders.
