

MMA
OFFSHORE

Quality Policy

MMA Offshore Limited (**MMA**) is committed to developing marine resources sustainably, creating value for our employees, clients, suppliers and shareholders through the provision of an integrated suite of marine and subsea services.

To support our goal we will:

- Understand our industry and our clients' current and emerging requirements and develop innovative, timely and effective solutions.
- Identify and provide the information and resources required to provide a high quality service to our clients.
- Maintain an ISO 9001 certified Management System that ensures clarity in our key business processes and applies systems of continuous review and improvement.
- Ensure our Management System is aligned with the relevant Standards, Codes and Guidelines as they apply to our operations.
- Recognise and develop our people, support workplace diversity, foster a culture of accountability, information sharing and innovation.

By providing a safe, responsive and competitive integrated solutions based on robust management systems, quality infrastructure, people and a commitment to continuous improvement we will be a company of choice for our clients, employees and shareholders.
